

# Trimble Field Points

## TRIMBLE FIELD POINTS v4.1.1 (Patch Release)

We are pleased to announce releases of the Trimble Field Points software product as follows:

- Version 4.1.1 (Patch Release)  
Compatible with Autodesk® Revit® 2017

This document provides you with important information pertaining to the enhancements and/or modifications included in this release of our software.

### Bug Fixes

- Trimble Field Points v4.1.1 (Patch Release) Includes a fix for the rotation issue for markers and points in or on a Revit family.

### Update Information

Please ensure that you install the Trimble Field Points software compatible with your version of AutoCAD or Revit.

**Caution** – It is not recommended that you upgrade an active project (especially in work shared Revit projects) unless there are specific bug fixes that apply to your situation.

**Caution** - If you must upgrade a project before its completion, please refer to Autodesk for best practices.

**Caution** - It is recommended you create a backup of the project prior to the upgrade.

**Note:** *If you need assistance installing this release, please contact Tech Support at 1-800-234-3758.*
